Mynydd Ty-talwyn Energy Park, Environmental Statement Completeness Report Response 2

Dear Sir,

RSK Environment, on behalf of Galileo 03 Ltd as the Applicant, have updated the Mynydd Ty-talwyn Energy Park Environmental Statement and associated standalone planning documents to provide the further information requested in the ES Completeness Report dated on the 14/05/2026. This letter has been prepared to identify where changes have been made to the submitted planning documents.

The further information requests, as set out in Annex 1 of the Environmental Statement Completeness Report, and how the Applicant has responded to these requests are summarised in the following table.

Table 1: The Town and Country Planning (Environmental Impact Assessment) (Wales) Regulations 2017 Regulation 24 Requests and Applicant Response

Information requested	Applicant Response	Document change location
The estimated number and location of smaller watercourse crossings and a full assessment of the significance of environmental effects of these works. Alternatively, an explanation of why the current level of information is considered to provide a robust evidence base for the consideration of environmental effects is required.	An explanation of why the current level of information provided is sufficient to assess the likely effects of the Proposed Development has been provided in ES Volume II, Chapter 6: Water .	CHANGE – ES Volume II, Chapter 6: Water, Table 6.4
